**Please note:** To start an activity, a minimum strength of **5 students** is required, and a maximum of 30 students allowed (Badminton, Tennis – 20). First few registrations will be looked at.

Payment is online through the payment link (Ctl-click, or paste in browser). The list generated through the **payment link**, along with the printed and signed consent form below, is the student's ticket for entry into any activity. **Last date for the submission of the Google form is Friday the 5th of August, 2022.** The form will be closed for responses after the 5th of August. The Form shall be reopened for submission on the following **Monday**, however, any students having their forms submitted late shall need to wait for the next-to-next Monday before it can be processed, and they can attend. **The full amount shall be charged no matter when the form or payment is submitted, unless admission happens after the 19th class, when half the fee would be charged.**

Kindly fill the **Parent Consent Form below, print, sign and send the consent form with your ward**, the first time she/he comes for the activity.

Failing to submit the consent or not being on the list, hinders the scheduling of the program as well as the safety of each student enrolled, and your ward will not be permitted to participate until the submission of both.

Transportation will be available for students leaving at 3:45pm. We are unable to provide students leaving at 4:55pm any transport.

We are eagerly looking forward to our students joining the Khelo Khaitan Sports Academy.

We are committed to helping our students reach their potential in the sport of their choice and seek your cooperation. Do write to us at [sports@khaitanpublicschool.com](mailto:sports@khaitanpublicschool.com) for any queries.

Warm Regards,
